Vision

“To nurture excellence in Pharmacy Profession and mould the institution into a centre of deft Pharmacy Professionals”

Mission

“We are committed to deliver quality pharmacy education in order to mould the learners into globally competitive Pharmacists who are professionally, intellectually adept and socially responsible”

Principal Desk

I am very happy to know that college is bringing 'e-Newsletter' with information on academics and encompassing the events of professional activities. I am sure that **Newsletter** will give an opportunity to the students and faculty to bring their talents and contribute significantly to the profession. I take this opportunity to greet all of you and wish you success in all your endeavours.

Prof. (Dr.) Gautam P. Vadnere

Principal Smt. Sharadchandrika Suresh Patil
College of Pharmacy Chopda, Jalgaon

Editors Desk We the editorial committee has a great privilege on releasing the e-Newsletter of Smt. Sharadchandrika Suresh Patil, College of Pharmacy Chopda. As we know a newsletter mirrors a college –its vision and mission. It also highlights events, activities and academic progress of students and faculty. We extend our sincere thanks to our Hon. Management and Principal for their guidance, motivation and generous support.

Dr. Suvarnalata S. Mahajan

Associate Professor
Dept. of Pharmaceutics

Program Educational Objectives (PEO's)

1. Developing skill based learning in pharmacy practice by adapting conventional as well as e-learning methodology.
2. Maintaining professional ethics and sustainability for society by creating awareness of various health issues.
3. Promoting professional identity through continuous development in research innovations and creating opportunities for entrepreneurship.

Program Outcomes (PO's)

1. **Pharmacy Knowledge:** Possess knowledge and comprehension of the core and basic knowledge associated with the profession of pharmacy, including biomedical sciences; pharmaceutical sciences; behavioural, social, and administrative pharmacy sciences; and manufacturing practices.
2. **Planning Abilities:** Demonstrate effective planning abilities including time management, resource management, delegation skills and organizational skills. Develop and implement plans and organize work to meet deadlines.
3. **Problem Analysis:** Utilize the principles of scientific enquiry, thinking analytically, clearly and critically, while solving problems and making decisions during daily practice. Find, analyze, evaluate and apply information systematically and shall make defensible decisions.
4. **Modern Tool Usage:** Learn, select, and apply appropriate methods and procedures, resources, and modern pharmacy-related computing tools with an understanding of the limitations.
5. **Leadership Skills:** Understand and consider the human reaction to change, motivation issues, leadership and team-building when planning changes required for fulfillment of practice, professional and societal responsibilities. Assume participatory roles as responsible citizens or leadership roles when appropriate to facilitate improvement in health and wellbeing.
6. **Professional Identity:** Understand, analyze and communicate the value of their professional roles in society (e.g. health care professionals, promoters of health, educators, managers, employers, employees).
7. **Pharmaceutical Ethics:** Honour personal values and apply ethical principles in professional and social contexts. Demonstrate behaviour that recognizes cultural and personal variability in values, communication and lifestyles. Use ethical frameworks; apply ethical principles while making decisions and take responsibility for the outcomes associated with the decisions.
8. **Communication:** Communicate effectively with the pharmacy community and with society at large, such as, being able to comprehend and write effective reports, make effective presentations and documentation, and give and receive clear instructions.
9. **The Pharmacist and Society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety and legal issues and the consequent responsibilities relevant to the professional pharmacy practice.
10. **Environment and Sustainability:** Understand the impact of the professional pharmacy solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
11. **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.
