7. Institutional Values and Best Practice

7.2. Best Practice

7.2.1 Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

Best Practice I

1) Title: "Health Practices @ Community Services"

2) Objectives of the Practice

1. To enhance health quantity of life in society.
2. To inculcate social value and responsibilities.
3. To organize social events for promoting the holistic development of society.
4. To create opportunities for the students for social interactions.
5. To strengthen teamwork amongst students and encourage participation.
6. To involve the students in awareness programs for grooming them an agent for community services.

3) The Context

Community-based learning combines traditional classroom instruction with community service to enhance the learning of the students and civic participation. The college's focus for community improvement and engagement connects academic programs with community service so that students, faculty, and community partners can forge linkage between theory and practice, between knowledge and action and between the resources of the institution and the community development. World Health Organization promotes concept of high-quality life. Being a pharmacy institute, we develop responsible and accountable pharmacists. Our prime social objective is to create awareness in the tribal population and extending care that leads to proper health and quality-life. Social activities play a vital role in the development of

human values in students. It boosts confidence and teachers to co-operate and work with people in different conditions.

They learn to face the challenges that come in educational and career life through extension and outreach programs; we sensitize the students to develop social values, their responsibilities and knowledge towards societal issues and engaging them to be involved in the people of the community. Students with profound interest attain social values and responsibility. Above all, the students get hold of social justice, values, responsibility, and sustainability. While pursuing these activities in college along with education, students learn prioritization and time management skills too. These academically and co-circularly talented students have well groomed personalities, which helps them to face the world in a better way.

4) The Practice

Self-Study Report of Smt. SSPCOP , Chopda To achieve the objectives, Our College visits different villages, primary & secondary schools and Organize the Rally and Street Drama to render our social services to the community by organizing Health Awareness Camps, Health check-up camp and Blood Donation Camp, Awareness of AIDs, Diabetes and Word Cancer day Program, Poster Presentation, Tree Plantation conducted by our B.
